Art Unit: 1755

Claims 13-35 and 42 are withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to a nonelected invention, there being no allowable generic or linking claim. Election was made **without** traverse in the reply filed on 4 January 2007.

Amended claims 1, 3-12, 36-41 and 43-45 are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons:

The amended claims are now drawn to a pigment composition comprising the originally claimed pigment and a coating system. The original claims and the amended claims are related as mutually exclusive species in an intermediate-final product relationship. Distinctness is proven for claims in this relationship if the intermediate product is useful to make other than the final product, and the species are patentably distinct (MPEP § 806.05(j)). In the instant case, the intermediate product is deemed to be useful as a microwave dielectric ceramic, a precursor for forming magnetic materials, such as ferrites, or in the synthesis of metallosilicate molecular sieves and the inventions are deemed patentably distinct because there is nothing on this record to show them to be obvious variants.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 1, 3-12, 36-41 and 43-45 are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

The amendment filed on 20 July 2007 amending all claims drawn to the elected invention so they are now drawn to a non-elected invention is non-responsive (MPEP § 821.03). The remaining claims are not readable on the elected invention for the reasons given above.

Art Unit: 1755

Since the above-mentioned amendment appears to be a *bona fide* attempt to reply, applicant is given a TIME PERIOD of ONE (1) MONTH or THIRTY (30) DAYS, whichever is longer, from the mailing date of this notice within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD UNDER 37 CFR 1.136(a) ARE AVAILABLE.
